

# PULSAFEEDER®

## Pumps

### PULSAtron®

#### Solenoid

- Outputs from 3 - 600 GPD / 94.6 LPH
- Pressures to 300 PSI / 21 BAR
- NSF 61 Approved - PVDF & degas
- Wetted Material Options:
  - ◆ GFPPPL
  - ◆ PVDF
  - ◆ PVC
  - ◆ 316 SS

### CHEM-TECH

#### Peristaltic

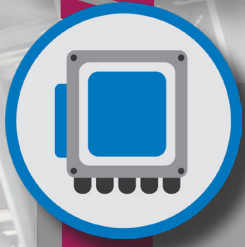

- Outputs from 4 - 100 GPD / 15.8 LPH
- Pressures to 125 PSI / 8.6 BAR
- NSF 61 Approved
- Wetted Material Option:
  - ◆ Norpren and PVC

### BLACK LINE

#### Motor Driven

- Outputs from 7 - 132 GPH / 501 LPH
- Pressures to 150 PSI / 10 BAR
- Wetted Material Options:
  - ◆ GFPPPL
  - ◆ PVDF
  - ◆ 316 SS

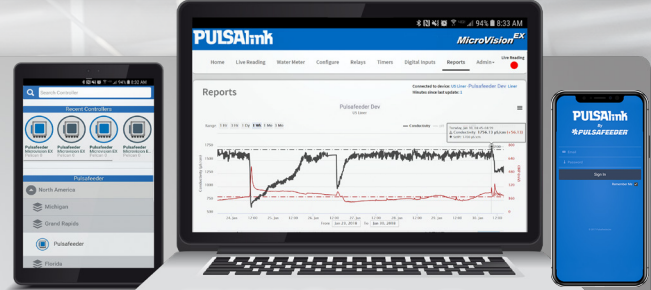

## Controllers

### MicroVision EX

#### Cooling Tower Control

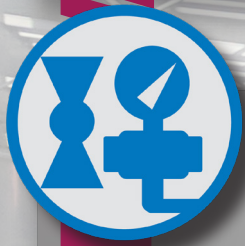

- Sensor Options
  - ◆ Conductivity
  - ◆ PTSA
  - ◆ 4-20mA Inputs & Outputs
  - ◆ pH
  - ◆ ORP
- Simple interface and easy programming
- Customize per your specific requirements
- Legendary toroidal probe performance

### PULSAlink

#### Cloud Web Portal & IOS/Android Apps

- Simple remote controller management
- Fast and real-time intuitive reporting
- AES 256 Secure controller communication

## Systems & Accessories

### Pre-Engineered Systems

#### Turnkey Systems

- Simplex and Duplex pump skids
- Digital Glycol Feeder
- Polymer Makedown Systems

### PULSAFEEDER® GENUINE PARTS

#### Accessories and Parts

- Keep On Pumping Kits (KOPkit)
- Corrosion Coupon Racks
- Multi Jet Water Meters
- And many more accessories. Ask your Sales Rep for more information.
